

DIRECTIONS FROM THE SOUTH TO THE GENTILINI WINERY

- Take the main road towards Argostoli. At the village of Travliata (right below the Castle of St. George, look for the main T-junction pointing towards the Airport (and a whole list of other locations))
- At this T-junction, turn left.
- Stay on this road until you reach the village of Lakithra. (On your left you will pass signs for Keramies, Spartia and Metaxata.)
- Towards the end of this extended village keep an eye out for the Obelix restaurant on your left. Turn left onto the narrow road right next to the restaurant (just before the restaurant you may spot a small sign on your right for the Airport and Sarlata).
- This downhill road makes a left hairpin bend. Take a sharp right turn on the hairpin bend (you will see the back side of a stop sign). You will now have the airport in front of you.
- Continue down the hill to a T-junction. Turn right and carry on down the hill.
- At the next T-junction turn right again onto the main Airport – Argostoli road.
- Follow this road past the village of Minies and past a quarry on your right, and the Aqua mare boatyard on your left..
- Shortly afterwards, the road goes downhill, and you will spot the Gentilini Winery sign on your left. Turn left into the winery and park in the area just outside the gate.
